

## Price of the means of agricultural production. Animal feedingstuffs

For each commodity group, please select a representative item (i.e. an item that is significant in terms of sales) for which you will provide the price (excluding VAT) over a longer period. If the same good has been sold in the reference period at different prices depending on the quantity, agreement with buyer, etc., write in the questionnaire the weighted average price. The list of goods is amended only when sale of the goods concerned has been terminated; in that case, this good is replaced by another one as similar as possible. If an item from the same group of goods not listed in the questionnaire have been sold in large quantities, write the name, unit of measurement, and unit price of the goods in the vacant row.
