Statistics Estonia guarantees the full protection of data submitted.

Self-service environment a https://uuringud.stat.ee/ is for data submission.

Please make sure that you enter data in the correct cell. If you enter alphabetical characters in a number field, a corresponding error message is displayed. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with prefilled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.
After correcting the data, save changes and check the questionnaire again. If there are no more mistakes, confirm and submit the data by clicking “Confirm” on the last page of the questionnaire. You will be displayed a message that the data have been submitted successfully. 03 / 3	Number of registered private buses – total number of first new registrations during the period	REG_BUSS_ERA_ESMAUUS	Total number of new private buses at the end of the year from among all the new buses registered in Estonia for the first time. New – have not been used after manufacture or registered in the register of Estonia or any other county. A vehicle is also considered new if it is registered in a EU Member State for transporting the vehicle from the manufacturer to the authorised dealer in Estonia.	Positive integer	
04 / 1	Number of registered motorcycles – total number of first registrations during the period	REG_MOT_ESMAREG	Total number of motorcycles registered in Estonia for the first time during the year.	Positive integer	
04 / 2	Number of registered motorcycles – total number of first new registrations during the period	ESMAREG_MOT_2	Total number of new motorcycles registered in Estonia for the first time. Motorcycle – a two-wheeled power-driven vehicle with or without a sidecar. A motorcycle is also a power-driven vehicle with three symmetric wheels, which has an internal combustion engine with a capacity exceeding 50 cubic centimetres and a design speed above 45 kilometres per hour, as well as a four-wheeled power-driven vehicle with its unladen mass not exceeding 400 kilograms or, in the event of vehicles designated for carriage of goods, not exceeding 550 kilograms and with net power not exceeding 15 kilowatts. The mass of batteries is not taken into account upon calculating the unladen mass of four-wheeled electric vehicles.	Positive integer	
04 / 3	Number of registered private motorcycles – total number of first new registrations during the period	ESMAREG_MOT_3	Total number of new motorcycles registered in Estonia in the name of private persons for the first time. Motorcycle – a two-wheeled power-driven vehicle with or without a sidecar. A motorcycle is also a power-driven vehicle with three symmetric wheels, which has an internal combustion engine with a capacity exceeding 50 cubic centimetres and a design speed above 45 kilometres per hour, as well as a four-wheeled power-driven vehicle with its unladen mass not exceeding 400 kilograms or, in the event of vehicles designated for carriage of goods, not exceeding 550 kilograms and with net power not exceeding 15 kilowatts. The mass of batteries is not taken into account upon calculating the unladen mass of four-wheeled electric vehicles. Private vehicle – a vehicle registered in Estonia in the name of a natural person.	Positive integer	
041 / 1	Number of registered mopeds – total number of first registrations during the period	REG_MOP_ESMAREG	Total number of mopeds registered in Estonia for the first time during the year.	Positive integer	
041 / 2	Number of registered mopeds – total number of first new registrations during the period	ESMAREG_MOP_2	Total number of new mopeds registered in Estonia for the first time. Moped – a two-wheeled or three-wheeled vehicle that has a design speed above 25 kilometres per hour but not more than 45 kilometres per hour and is equipped with a spark ignition engine whose capacity does not exceed 50 cubic centimetres or with another combustion engine whose net power does not exceed four kilowatts or with an electric engine whose maximum continuous rated power exceeds 0.25 kilowatts but not four kilowatts. A light four-wheeled power-driven vehicle meeting the above conditions and having an unladen mass of no more than 350 kilograms is also deemed to be a moped. The mass of batteries is not taken into account upon calculating the unladen mass of light four-wheeled electric vehicles.	Positive integer	
041 / 3	Number of registered private mopeds – total number of first new registrations during the period	ESMAREG_MOP_3	Total number of new mopeds registered in Estonia in the name of private persons for the first time. Off-road motor vehicle – a vehicle powered by an engine, which is designed to be driven off-road and is not a power-driven vehicle for the purposes of Traffic Act.	Positive integer	
06 / 2	Number of registered off-road motor vehicles – total number of first new registrations during the period	ESMAREG_MAAST_2	Total number of new off-road motor vehicles registered in Estonia for the first time. Off-road motor vehicle – a vehicle powered by an engine, which is designed to be driven off-road and is not a power-driven vehicle for the purposes of Traffic Act.	Positive integer	
06 / 3	Number of registered private off-road motor vehicles – total number of first new registrations during the period	ESMAREG_MAAST_3	Total number of new off-road motor vehicle registered in Estonia in the name of private persons for the first time. Off-road motor vehicle – a vehicle powered by an engine, which is designed to be driven off-road and is not a power-driven vehicle for the purposes of Traffic Act. Private vehicle – a vehicle registered in Estonia in the name of a natural person.	Positive integer	
07 / 1	Number of registered tractors – total number of first registrations during the period	ESMAREG_TRAK_1	Total number of tractors registered in Estonia for the first time. Tractor – a power-driven vehicle designated for field or forest work, which has wheels or tracks and at least two axes, and whose maximum design speed is at least six kilometres per hour. Vehicles designed for specific work applications, which are manufactured on the basis of motor vehicles, are not deemed to be tractors.	Positive integer	
07 / 2	Number of registered tractors – total number of first new registrations during the period	ESMAREG_TRAK_2	Total number of new tractors registered in Estonia for the first time. Tractor – a power-driven vehicle designated for field or forest work, which has wheels or tracks and at least two axes, and whose maximum design speed is at least six kilometres per hour. Vehicles designed for specific work applications, which are manufactured on the basis of motor vehicles, are not deemed to be tractors.	Positive integer	
07 / 3	Number of registered private tractors – total number of first new registrations during the period	ESMAREG_TRAK_3	Total number of new tractors registered in Estonia in the name of private persons for the first time. Tractor – a power-driven vehicle designated for field or forest work, which has wheels or tracks and at least two axes, and whose maximum design speed is at least six kilometres per hour. Vehicles designed for specific work applications, which are manufactured on the basis of motor vehicles, are not deemed to be tractors. Private vehicle – a vehicle registered in Estonia in the name of a natural person.	Positive integer	
08 / 1	Number of registered non-road mobile machinery – total number of first registrations during the period	ESMAREG_LIIKUR_1	Total number of non-road mobile machinery registered in Estonia for the first time. Non-road mobile machinery – a power-driven vehicle on wheels or caterpillar tracks designed for carrying out specific work and with a design speed of over 6 but less than 40 kilometres per hour. Vehicles designed for specific work applications, which are manufactured on the basis of motor vehicles, are not deemed to be mobile machinery.	Positive integer	

08 / 2	Number of registered non-road mobile machinery – total number of first new registrations during the period	ESMAREG_LIIKUR_2	Total number of new non-road mobile machinery registered in Estonia for the first time. Non-road mobile machinery – a power-driven vehicle on wheels or caterpillar tracks designed for carrying out specific work and with a design speed of over 6 but less than 40 kilometres per hour. Vehicles designed for specific work applications, which are manufactured on the basis of motor vehicles, are not deemed to be mobile machinery.	Positive integer	
08 / 3	Number of registered private non-road mobile machinery – total number of first new registrations during the period	ESMAREG_LIIKUR_3	Total number of new non-road mobile machinery registered in Estonia in the name of private persons for the first time. Non-road mobile machinery – a power-driven vehicle on wheels or caterpillar tracks designed for carrying out specific work and with a design speed of over 6 but less than 40 kilometres per hour. Vehicles designed for specific work applications, which are manufactured on the basis of motor vehicles, are not deemed to be mobile machinery. Private vehicle – a vehicle registered in Estonia in the name of a natural person.	Positive integer	
09 / 1	Number of registered tractor trailers – total number of first registrations during the period	REG_TRHAAG_ESMAREG	Total number of tractor trailers registered in Estonia for the first time during the year. Total number of first registrations during the year – first registration of vehicles in Estonia.	Positive integer	
09 / 2	Number of registered tractor trailers – total number of first new registrations during the period	ESMAREG_TRHAAG_2	Total number of new tractor trailers registered in Estonia for the first time. Tractor trailer – any towed agricultural or forestry trailer intended mainly to carry loads and designed to be towed by a tractor for agricultural or forestry purposes. Trailers of which part of the load is borne by the drawing vehicle fall within this category. Any vehicle coupled to a tractor and permanently incorporating an implement shall be assimilated to an agricultural or forestry trailer if the ratio of the technically permissible gross mass to the unladen mass of that vehicle is equal to or greater than 3.0 and if the vehicle has not been designed to process materials.	Positive integer	
09 / 3	Number of registered private tractor trailers – total number of first new registrations during the period	REG_TRHAAG_ERA_ESMAUUS	Total number of new private tractor trailers registered in Estonia for the first time during the year. New – have not been used after manufacture or registered in the register of Estonia or any other county. A vehicle is also considered new if it is registered in a EU Member State for transporting the vehicle from the manufacturer to the authorised dealer in Estonia.	Positive integer	
10 / 1	Number of registered recreational crafts – total number of first registrations during the period	REG_VLAEV_ESMAREG	Total number of personal watercrafts registered for the first time during the year. Recreational crafts and ships with overall length of less than 12 metres. Recreational craft – a water craft with an overall length of 2.5 to 24 metres (for example boats, sailing yachts, launches and similar water craft) that is used for recreational activities regardless of the register affiliation.	Positive integer	
10 / 2	Number of registered recreational crafts – total number of first new registrations during the period	ESMAREG_VLAEV_2	Total number of new buses registered in Estonia for the first time. Recreational craft – a water craft with an overall length of 2.5 to 24 metres (for example boats, sailing yachts, launches and similar water craft) that is used for recreational activities regardless of the register affiliation. Water craft which are used in competitive sports and training and which are correspondingly marked by a sports federation (for example personal watercraft, sailboards, sailing yachts, sports yachts and similar water craft), water craft of primitive construction (for example dugouts, dories, kayaks, canoes, pedal boats and similar water craft) and water craft of special construction are not deemed to be recreational craft.
