DATA COLLECTED WITH THE QUESTIONNAIRE

Table 1. SALE OF ACCOMMODATION SERVICES

Questionnaire is filled in by all accommodation establishments irrespective of the main economic activity of the company. If the establishment is fully sold out, all the bedrooms and bed places are sold out too. Income from accommodation services is indicated as an expert assessment (with VAT).

If the establishment was open but there were no guests, enter the number of days open. In this questionnaire, please do not include data about accommodated refugees.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You need not fill in the value: period, economic activity
1 / 1	Income from the sale of accommodation services	ACC_1_01_1	Income from the sale of accommodation services – indicated with VAT and includes the cost of breakfast if sold together with accommodation (in euros, in integers). Does not reflect the income of the accommodation establishment received from additional paid services (catering, beauty and sauna services, rental services, etc.). If the income has been obtained from the sale of accommodation services, the numbers of accommodated tourists and nights spent must be filled in.	Positive integer	
2 / 1	Number of days open	ACC_2_02_1	Number of days open – number of calendar days when the accommodation establishment was open for visitors. The largest number of days open is equal to the number of days in the reference month.	Positive integer	
3 / 1	Number of room nights sold	ACC_2_05_1	Number of sold room nights – total number of bedrooms sold on different dates of the month. For instance: there are 8 rooms in the accommodation establishment. On the 1st date, there were visitors in rooms number 1, 6, 7 and 8 (4 rooms were used); on the 2nd date there were visitors in rooms 1 and 6 (2 rooms were used); on the 3rd date, there were visitors in rooms 2, 4, 5, 6, 7 and 8 (6 rooms were used); ... on the 31st date, there were visitors in rooms 1, 2, 3 and 8 (4 rooms were used). Use of bedrooms = 4 + 2 + 6 + ... + 4.	Positive integer	

Table 2. VOLUME OF ACCOMMODATION

MARK the data of the reference month into column 1. Column 1A is displayed to view values from the previous period.

If the establishment is fully sold out, all the bedrooms and bed places are sold out too. Number and division of visitors/nights spent is indicated according to the number of sold bedrooms/bed places.

1 / 1	Number of bedrooms	ACC_2_03_1	Number of bedrooms – the number of bedrooms, including small houses, for sale in the reference month. This excludes bedrooms that are under repair and temporarily closed. Larger units with several rooms are considered as one bedroom. The number of bedrooms cannot be larger than the number of bed places.	Positive integer	
1 / 2	Total number of bedrooms *	ACC_4_06_5	Total number of bedrooms – bedrooms include all rooms available for accommodating tourists, including small houses, and rooms that are temporarily closed (due to the off season, staff holidays, low occupancy, etc.). A unit consisting of several rooms, including one or more bedrooms and a living room, is counted as one bedroom.	Positive integer	
1_1 / 2	Rooms for persons with reduced mobility – number of rooms *	ACC_32_30_1A	Number of bedrooms adapted for persons with reduced mobility (incl. wheelchair users) in the accommodation establishment. An adapted room must comply with accessibility requirements concerning access routes, doorways, toilet and bathroom facilities, etc.	Positive integer	
2 / 1	Number of bed places	ACC_2_04_1	Number of bed places – the number of bed places in bedrooms for sale in the reference month, excluding the number of extra beds. Rooms with double beds are considered double rooms if it is possible to accommodate two people in such rooms. Bed places include all bed places available in bedrooms for accommodating tourists, including bed places in small houses. This excludes bed places in rooms that are temporarily closed (e.g. due to the off season, staff holidays, low occupancy, etc.).	Positive integer	
2 / 2	Total number of bed places *	ACC_4_06_6	Total number of bed places – bed places include all bed places available in bedrooms for accommodating tourists, including bed places in small houses and in rooms that are temporarily closed (e.g. due to the off season, staff holidays, low occupancy, etc.). Rooms with double beds are considered double rooms if it is possible to accommodate two people in such rooms. Extra beds are not taken into account.	Positive integer	
3 / 1	Number of places on camping grounds and in trailer parks	ACC_2_041_1	Number of pitches on camping grounds and in trailer parks – the number of pitches on camping grounds and in trailer parks, including pitches for glamping, for sale in the reference month. Only designated camping grounds and designated trailer parks are included. A trailer park must provide facilities for electricity and water supply and wastewater disposal.	Positive integer	
3 / 2	Total number of pitches on camping grounds and in trailer parks	ACC_4_06_7	Total number of pitches on camping grounds and in trailer parks – the total number of pitches for tents and caravans, including pitches for glamping, regardless of the period of actual use over the year. Only designated camping grounds and designated trailer parks are included. A trailer park must provide facilities for electricity and water supply and wastewater disposal.	Positive integer
