Statistical activity code: 20403

Questionnaire manual: Export price

Questionnaire code: 10632026 Submitted in: by 6th date after the end of the reference month

Periodicity: Monthly

Statistics Estonia guarantees the full protection of data submitted.

Self-service environment a https://uuringud.stat.ee/ is for data submission.

Please make sure that you enter data in the correct cell. In the case of some fields, logic (arithmetic) checks have been applied to prevent data entry mistakes. If there is a conflict in the entered data or they conflict with prefilled data, an error message appears when the table is checked. In the case of errors, review the data carefully and make corrections.

If you have any questions, please contact Statistics Estonia's customer service either by phone at +372 625 9300 (Mon–Thu 8:30–16:30, Fri 8:30–15:30) or by e-mail at klienditugi@stat.ee.

DATA COLLECTED WITH THE QUESTIONNAIRE

Table 1. SUBMIT DATA

Please make sure that the following fields are filled in: commodity code, product name, unit of measurement, country and price in the reporting month. If any of these fields are left blank, please enter an explanation in the "Remark" field.

To enter the data, click Add table row. If the data has been entered in the window, click Add row to the table row; to close the page, click Close. To change an already entered and saved row, click on the corresponding row number in the first column – a data correction window opens., If you use a CSV or Excel-file from January to enter the data, then remove column "Trading area" from February and Commodity groupe code" from April.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You neet not fill in the value: period, economic activity
1 / 1	Commodity code	PI_XM_01	Commodity code, CN – an eight-digit commodity code according to the Combined Nomeclature (CN) in force in the reference year, available on the website of Statistics Estonia in section Submit data / Classifications.	Kombineerit ud nomenklatu ur 2026 (iseseletav)	
1 / 2	Product name	PI_PXM_02	Product name – products are selected (in collaboration with Statistics Estonia) from those with a significant share in the enterprise's exports, which are, presumably, exported regularly. Product name is indicated and such precise description of the product is provided (model, type, article, etc.) that it would be possible to unmistakably identify it. If the product is no longer exported or it has lost its representativeness in the enterprise's exports, it is replaced with as identical a product as possible (e.g. with the same CN code) and the reason for the replacement is given in the remark field.	Text	
1 / 3	Product description	PI_PXM_03	Product description – such precise description of the product is provided (model, type, article, etc.) that it would be possible to unmistakably identify it.	Text	
1 / 4	Remark	PI_PXM_04	Explanatory remark, specification, explanation	Text	
1 / 5	Unit of measurement	PI_PXM_05	Unit of measurement – the most important unit of measurement used for the observed product (e.g. tonne, pcs, m³, hour, etc.).	Text	
1 / 6	Country (invoice recipient) in the reference month	PI_PX_06	Country (invoice recipient) in the reference month – the country is selected from those with a significant share in the enterprise's exports. Countries have been classified according to the International Standard Codes for the Representation of the Names of Countries. Exports to the eurozone and non-eurozone countries are indicated separately. Eurozone countries are Austria, Belgium, Croatia, Cyprus, Finland, France, Germany, Greece, Ireland, Italy,	Riikide ja territooriumi de klassifikaato r 2025v1 2T koos euroalaga	

			Latvia, Lithuania, Luxembourg, Malta, Netherlands, Portugal, Slovakia, Slovenia, Spain.		
1 / 7	Trading area	PI_PXM_07	Trading area – eurozone or non-eurozone	GEOloe_2022_kauplemispiirkond	2026-02, 2026-03, 2026-04, 2026-05, 2026-06, 2026-07, 2026-08, 2026-09, 2026-10, 2026-11, 2026-12
1 / 8	Unit price in the reference month	PI_PXM_08	Unit price in the reference month, in euros, at cent level – product price on invoices issued on the 15th day of the reference month or on the following working day or, if approved by Statistics Estonia, the average monthly price. When converting to euros, the average exchange rate of the reference month or the exchange rate of the day preceding the reference month is used.	Positive real number (0,4)	
1 / 9	Unit price in the previous month	PI_PXM_09	Unit price in the previous month – product price on invoices issued on the 15th day of the reference month or on the following working day or, if approved by Statistics Estonia, the average monthly price. When converting to euros, the average exchange rate of the reference month or the exchange rate of the day preceding the reference month is used. If a product was replaced, the price of the new product in the previous month is added. The price indicated in the previous month is corrected if necessary.	Positive real number (0,4)	

Table 2. TIME SPENT ON FILLING OUT THE QUESTIONNAIRE (incl. for preparing the data).

The table need not be filled in period(s) **2026-01, 2026-03, 2026-04, 2026-05, 2026-06, 2026-07, 2026-08, 2026-09, 2026-10, 2026-11, 2026-12**.

Please estimate how much time you spent on filling out the questionnaire (incl. time spent on reading the instructions, collecting and preparing data).Record the total time spent by all employees.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/ classification name	You neet not fill in the value: period, economic activity
1 / 1	Number of hours spent on completing the questionnaire and collecting and preparing the necessary data	TAITMISEAEGTUNDI	Number of hours spent by all employees on completing the questionnaire. The time spent on completing the questionnaire includes the time spent on reviewing instructions, collecting and preparing the necessary data.	Positive integer	
1 / 2	Number of minutes spent on completing the questionnaire and collecting and preparing the necessary data	TAITMISEAEGMINUTIT	Number of minutes spent by all employees on completing the questionnaire. The time spent on completing the questionnaire includes the time spent on reviewing instructions, collecting and preparing data. Permitted value range 0–59.	Positive integer	

Table Y2. Overall assessment on the questionnaire

The table need not be filled in period(s) **2026-01, 2026-03, 2026-04, 2026-05, 2026-06, 2026-07, 2026-08, 2026-09, 2026-10, 2026-11, 2026-12**.

Row code/ column code	Name of variable * - mandatory	Code of variable	Explanation	Type of data (number of decimals) or list/	You neet not fill in the value: period,
