DATA COLLECTED WITH THE QUESTIONNAIRE

Table 1. SEEDS

Write in the questionnaire the unit price of the goods sold, exclusive of VAT.
If you sold the same seeds at different prices during the reference month (e.g. depending on the quality, quantity or agreement with buyer), write in the questionnaire the weighted average price of the seeds. In case of a significant price change (compared with the previous month), add a brief explanation in the remark field to avoid the need for further contact.
If the sale of a seed concerned has permanently ceased, select another seed that is as similar as possible and report its price henceforth.
If a seed you sold in significant quantities is missing from the list, add it using the option "Add another seed".
