DATA COLLECTED WITH THE QUESTIONNAIRE

Table 1.1. VITAMINS AND MEDICAMENTS

Write in the questionnaire the unit price of the goods sold, exclusive of VAT.

If you sold the same goods at different prices during the reference month (e.g. depending on the quality, quantity or agreement with buyer), write in the questionnaire the weighted average price of the goods. In case of a significant price change (compared with the previous month), add a brief explanation in the remark field to avoid the need for further contact.

If the sale of the goods concerned has permanently ceased, select another one that is as similar as possible and report its price henceforth. If a good you sold in significant quantities is missing from the list, add it to table 1.2 using the option "Add vitamin or medicament".
