1.1 NUMBER OF EMPLOYEES OF THE RADIO STATION

An employee is a physical person (excl. a self-employed person) who has a contractual relationship with the employer and is paid for the work performed.

If the enterprise has employees engaged in activities other than operating a television or radio station broadcasting in Estonia, do not include them in the table.

Multinational enterprises should count only persons working in Estonia.

If the broadcaster has no persons in a contractual employment relationship, the owner, management board member or another person keeping the station operational is regarded as an employee with an employment contract.
